## PROFESSIONAL SUMMARY

Highly motivated **Computer Science Engineering student** with hands-on experience in **Java, Python, Web Development, and Database Systems**. Strong problem-solving and analytical skills with a passion for building reliable and scalable applications. Dedicated to leveraging technical expertise to deliver impactful solutions and excel as a **Software Developer**.

## EDUCATION

- **BTech in Computer Science Engineering (2022-2026)**  
Shree Siddheshwar Women's College of Engineering, Solapur
- **Higher Secondary School (2020-2022)**  
Walchand College of Arts and Science, Solapur

## PROJECTS

- **Bus-Pass Portal**  
Developed an online platform for digital bus pass registration, renewal, and payment tracking using **HTML, CSS, JavaScript, and MySQL**. Reduced manual processing time by **40%** and improved user accessibility with an intuitive, mobile-friendly interface.
- **Interview prep - AI-powered Interview Preparation App**  
Built an AI-based web and mobile application to assist students and freshers with mock tests, resume analysis, and discussion forums using **Dart, Node.js, and JSON** database.

## TECHNICAL SKILLS

- Languages: Java (Intermediate), Python (Intermediate)
- Database: (MySQL) (Intermediate)
- Web Designing (HTML, CSS, JavaScript) (Intermediate)

## INTERNSHIPS

- Java Programming Language - Intellise IT
- Database Intern (MySQL) - Intellise IT
- Web Designing Intern - Intellise IT

## CERTIFICATIONS

- Database Management System Certification - NPTEL
- Artificial Intelligence - IBM
- Getting Started with Java using Alice (April 2025) - Oracle Academy
- Soft Skills - Naandi Foundation
